Given that Endowment funds are made available as a result of a gift made by a donor to the Department of Pathology & Lab Medicine, we have a duty to report back to the donor on how these funds are used and display this information on our website. For these reasons, you will be required to provide a one page written summary about the grant including information regarding the impact it has had on your training and profession. This report must be submitted, no later than 14 days after the date it was used. This report can be submitted to the Pathology & Lab Medicine main office, RUH 2841.
