

Would you like to be a Shinerama Coordinator?

The main role of the Shinerama Coordinators is organizing the school's annual Shinerama campaign, which is a major fundraiser for Cystic Fibrosis research in Canada. As a coordinator you get the opportunity to travel to Ontario for the national Shinerama Leadership conference where you get to meet and make contacts with students from other colleges and universities across the country. Here you will learn about Cystic Fibrosis and how to organize and to successfully run the Shinerama campaign. We may be one of the smallest campaigns in the country but with only 80 students we managed to raise over \$30,000 last year!

As a Shinerama Coordinator for your class, you will have the opportunity to experience how to coordinate Shine Day 2017 and other fun secondary fundraising events which take place throughout the fall. Once our positions are handed over to you in January of 2018, it will be up to you to plan your own campaign for the upcoming year. And of course we will be there for support along the way, as will regional and national campaign advisors. If you have any questions please feel free to contact us!
