DATE: June 9, 2016

RE: Training Classes

Would you like to learn how to do your own Wiki so that you can share your research proposal with your collaborators? Do you want to take training on the new UnivRS system? Do you need your graduate student to learn how to do a research poster to present at a conference? Do you need your resident to improve their statistical abilities by taking an SPSS class? Do you want your graduate student to learn how to use Excel to work with large worksheets or do Pivot Tables? Then you need to check out Training Services:

<https://taurusnew.usask.ca/courses/aboutUs.cfm>

Training services provides:

- Instructor led software application training courses, workshops & seminars (many are free)
- Course offerings developed specifically for U of S students (IT4U)
- Course offerings developed specifically for U of S faculty and staff
- Off campus registration for regular course offerings
- Custom training solutions for scenario specific, individual or group requirements
- Course specific listings for online resources
- Custom online training videos produced at the U of S

Faculty and staff may use professional development funds to pay for a course. Course fees (\$100 or more) that are not paid for by a company or department may be claimed as tax deductible tuition. Payment may be made by cash, cheque, money order or CFOAPAL account. Charge cards are currently not accepted. Note: the listed course fee does not include GST.

For more information please contact:
