| Student Learning Outcomes   |
|---|
| Summarize the work the student will be assigned and the expected learning outcomes for the student.   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
| Supervisor Expectations   |
| Describe who will supervise the student and their mentorship approach. (How will the mentor approach: their role as mentor, student-supervisor goal-setting, feedback and communication.) |
| their fole as mentor, stadent supervisor goar setting, recastack and communication.   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
| Contingency Plan  |
| Provide a contingency plan for the student if the project is delayed or unable to go forward.   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |

### **Project Description**

Applicants must ensure they write their application in a manner that can be understood by a non-expert in their field. Avoid unnecessary jargon, explain all abbreviations used, and check spelling carefully.

- 1. Using a maximum of one page, outline the major elements of the project clearly and concisely. Be sure to include the following elements:
  - Background Information
  - Hypothesis and Expected Outcomes
  - Detailed Timeline
    - o Please see student resources in Google Doc for timeline example
  - Methodology and Analysis
    - Be as specific as possible in the space allowed, including experimentation, data collection, sample sizes and statistical analysis
  - Deliverables of applicant and supervisor
- 2. Page setup and formatting for attachments:
  - Header: Include Applicant's last name and title/label (ex: Smith, Project Title)
  - Footer: Page X of X
  - Margins: 1 inch
  - Page: 8.5" x 11"
  - Font: 11 point Arial
  - Line Spacing: single-spaced
  - Spacing: no condensed type or spacing
- 3. Optional: Attach a list of references cited. (Not included in the one-page limit)

Note: No additional figures or appendices above the one-page Project Description are allowed.

| Socially Accountable Research Que  | stionnaire                      |
|--|---------------------------------|
| The Division of Social Accountability collects data about socially account   | ,                               |
| This data is collected and reported in aggregate and does not affect y  1. Does this research address:                                     | our application or its scoring: |
|  | □ Vos □ No                      |
| One or more <u>social determinants of health;</u> Priority has the company of the Social telegraphs are a second of the social telegraphs. | ☐ Yes ☐ No                      |
| Priority health concerns of the Saskatchewan population; or  | ☐ Yes ☐ No☐ Yes ☐ No            |
| Equity, Diversity and Inclusion?   | res No                          |
| If yes, please briefly describe:   |                                 |
|  |                                 |
|  |                                 |
| 2. Does the project involve Indigenous communities, peoples,   |                                 |
| language, culture, or history as its primary focus?  | ☐ Yes ☐ No                      |
| If yes, please briefly describe:   |                                 |
| , , ,  |                                 |
|  |                                 |
|  |                                 |
|  |                                 |
| 3. Does this research involve or address specific issues of  |                                 |
| marginalized, underserved, vulnerable, oppressed, and/or low   | Yes No                          |
| resource communities?  |                                 |
| If yes, please briefly describe:   |                                 |
|  |                                 |
|  |                                 |
|  |                                 |
|  |                                 |
| 4. Are community members involved in the research project? (ie. In   | □ Vaa □ Na                      |
| shaping the question, developing methodology, gathering data, or interpreting and disseminating results?)                                  | ∐ Yes ∐ No                      |
| interpreting and disserminating results.   |                                 |
| If yes, please briefly describe:   |                                 |
| - What community will be engaged   |                                 |
| - How the community/member(s) will be involved   |                                 |
| <ul> <li>If/how study results will be disseminated back to the community/member(s) involved</li> </ul>                                     |                                 |
| community/member(3) involved   |                                 |
|  |                                 |
|  |                                 |
|  |                                 |
|  |                                 |
|  |                                 |
|  |                                 |

| Saskatchewan Cent  | re for Patient-Oriented Research (SCPOR) Questionaire  |
|--|--|
| Is your project a Patient-<br>Oriented Research Project?   | ☐ Yes (Answer 5 Questions Below) ☐ No (Skip 5 Questions Below)   |
| Using the <u>Patient-Oriented Res</u><br>project information in plain lan  | earch Level of Engagement Tool (PORLET) as a guide, please provide guage on the following:   |
| The state of the s | ords). Describe how patients will be actively involved in planning, decision cion and/or sharing of the knowledge within this research project.        |
|  |  |
|  |  |
|  |  |
|  |  |
|  |  |
| •  | 250 words). Summarize how patients with lived experience have helped e proposed research topic is a priority to patients. Include details of the       |
| methods used to identify or vali   | date the research priority among patients.   |
|  |  |
|  |  |
|  |  |
|  |  |
| ·  | nts (250 words). Describe how outcomes important to patients will be how the knowledge created through the proposed research will be used to patients. |
|  |  |
|  |  |
|  |  |
|  |  |
|  |  |

| 4. Aims to integrate knowledge into practice (250 words). Outline the steps required to implement an   |
|--|
| integrated and end-of-grant translation strategy. Include the roles patients and end-users will play in the  |
| creation and implementation of these plans.  |
|  |
|  |
|  |
