Attention: 4th Year Biochemistry Students!

Call for Applications for the
Dr. Louis T. J. Delbaere Memorial Scholarship

Throughout a career spanning more than 30 years in protein crystallography Dr. Delbaere served as president of the American Crystallographic Association, was on the board of the International Union of Crystallography and was a key driver for the development of the Canadian Light Source. More than just a research scientist and leader in his field, Louis also had the reputation as an excellent teacher and mentor, able to nurture and realize the potential of his students. After his death in 2009 a scholarship was established in his name to continue his legacy of assisting promising, and sometimes overlooked, students reach their scientific aspirations.

**Application Criteria:** To be eligible for this award a student must be majoring in biochemistry at the University of Saskatchewan and entering their 4th year of study. Students must also have a minimum average of 78% in their major.

To apply for this award students must submit a statement of no more than 700 words detailing their involvement in the biochemistry community, potential to excel in the field of biochemistry and their future aspirations.

**Application Submission:** Email applications to Dr. Kyle Anderson, chair of the Biochemistry Scholarship Committee at kyle.anderson@usask.ca

**Application Deadline:** October 28th, 2018

**Award Value:** $2000
