

CME | COVID-19: WEBINAR

BE WHAT THE WORLD NEEDS

CONTINUING MEDICAL EDUCATION

The Division of Continuing Medical Education is pleased to offer resources related to COVID-19. We understand the importance of sharing education and information for health care professionals during these uncertain times.

CME will be hosting a FREE webinar | April 2, 2020 | 5—7 pm (SK time)

We are pleased to have Dr. Shaqil Peermohamed, Dr. Kathy Malejczyk and Dr. Stuart Skinner joining us to answer your questions related to COVID-19.

At the end of this session, participants will be able to:

- Explain the transmission of COVID-19, including the path of infection from exposure to symptom presentation to resolution;
- Indicate the accuracy of COVID-19 diagnostic testing;
- Determine which personal protective equipment is needed and state which procedures are considered aerosol generating;
- Explain proper donning and doffing of personal protecting equipment;
- Define the differences between self-isolation and social distancing and describe these to patients;
- Determine when you are safe to return to work and what testing is required after a COVID-19 infection; and
- Interact with infectious disease experts through the Web-ex platform to ask pertinent COVID-19 questions.

Register online [HERE](#) or via the [CME website](#).

ACCREDITATION CREDITS

Royal College of Physicians and Surgeons of Canada: This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada, and approved by the Continuing Medical Education Division, University of Saskatchewan for up to **2.0** credit hours.

The College of Family Physicians of Canada: Accredited Royal College MOC Section 1 and Section 3 credits are eligible for certified Mainpro+® credits, up to a maximum of 50 credits per five-year cycle; any additional credits are eligible as non-certified Mainpro+® credits. MOC Section 3 accredited activities can be claimed at 3 credits per hour up to the cycle maximum.

Other Healthcare Professionals: Participation in this conference may be included as part of the continuing education and competence programs established by individual professional associations.
