Adjudicators

Gayle Halas, RDH, MA, PhD - University of Manitoba, Winnipeg, MN

Dr. Gayle Halas is an Assistant Professor and the Rady Chair in Interprofessional Collaborative Practice in the Rady Faculty of Health Sciences at the University of Manitoba. She holds appointments in the School of Dental Hygiene/Dr. Gerald Niznick College of Dentistry, and in the Departments of Family Medicine and Community Health Sciences in the Max Rady College of Medicine. She is currently the Associate Research Director in Family Medicine along with having a leadership role on the Manitoba Primary and Integrated Healthcare Research Network, designed to support and facilitate development and growth within the primary health care research community.

Shelley Kirychuk, BSN, MBA, PhD - University of Saskatchewan, Saskatoon, SK

Dr. Shelley Kirychuk is faculty at the University of Saskatchewan in the College of Medicine's Canadian Centre for Health and Safety in Agriculture. Her clinical practice background is in acute respiratory care and rural health care delivery and administration. She leads Occupational Hygiene within the National Agricultural Industrial Hygiene Laboratory at the University of Saskatchewan. Her research expertise is in the occupational hygiene of aerosols including recognition, evaluation, characterization, and control of aerosols. Her focus is on aerosol hygiene in rural populations and agricultural and rural workplaces.

Mark Milne, MSc, PhD - University of Saskatchewan, Saskatoon, SK

Dr. Mark Milne is the Research Facilitator for the Departments of Obstetrics & Gynecology, Ophthalmology, Medical Imaging, Family Medicine, Pathology and the Division of Oncology in the College of Medicine at the University of Saskatchewan. He has a MSc in Chemistry from the University of Saskatchewan; and, a PhD in Chemistry and Medical Imaging from the University of Western Ontario. His PhD and research have focused on the development and use of novel contrast agents for medical imaging along with the development of therapeutics for cancer treatment. For the past few years, Mark has been in administrative positions working on grant development either at Lawson Research Institute or at Western University in London, ON.
