Module Evaluation

Your feedback is very valuable and will provide important information to the Executive Curriculum Committee about the courses in this module and the overall flow, relevance and expectations of this module. It is important that you also provide individual feedback to instructors by completing the teaching effectiveness evaluations. Please give your responses careful and serious consideration.

For each of the following statements, select the response that most closely expresses your opinion.

THE MODULE

	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
1. I was expected to carry content forward from the previous module (or prerequisite courses) in order to understand new application of the content in this module.	○	○	○	○	○
2. The courses successfully advanced my knowledge, skills or understanding of the subjects.	○	○	○	○	○
3. There were a range of opportunities in this module to apply theoretical knowledge in different ways (case studies, labs, interactive activities, etc.).	○	○	○	○	○
4. The courses challenged me to think critically.	○	○	○	○	○
5. The courses challenged me to examine the available evidence.	○	○	○	○	○
6. The module provided me with opportunities to develop my self-directed learning skills.	○	○	○	○	○
7. The courses provided me with opportunities to develop skills and abilities to work as a team member.	○	○	○	○	○
8. The module provided me with opportunities to advance my skills as an educator.	○	○	○	○	○
9. The courses encouraged me to develop professional attributes and behaviours.	○	○	○	○	○
10. There was a range of evaluation methods in this module (assignments, projects, exams, etc.) that contributed to my understanding of the subjects.	○	○	○	○	○

COMMENTS

Please direct course specific comments to the teaching effectiveness evaluation. Comments in the module evaluation specific to an instructor or course may be deleted.

1. What aspects of this module did you like the most? (Please describe)

2. What aspects of this module would you suggest be changed in the future? (Please describe)
