Units review applications and their unit for internal review (if applicable). provide feedback to students. Contact your unit for internal deadline. Tips for completing the Vanier application: Student makes changes suggested by unit 1. Identify area of research and submits application on ResearchNet to 2. Identify participants complete process. 3. Identify referees Deadline - September 24, 2018 4. Enter degree information 5. Enter proposal information and supporting documents What's new with this? 6. Confirm documents sent Units submit a list of nominees, as well The Nomination Letter must be completed and signed by the Department Head or equivalent. The letter as a nomination letter for each nominee, 7. Preview application materials must outline how the institution's research via e-mail to CGPS 8. Consent and submit application environment will foster the student's research (gradstudies.awards@usask.ca) interest and leadership skills. Deadline – September 24, 2018 Help! I have questions. Important reminder concerning mobility and choice of nomination institution: For general information:

Nominees who chose a nominating institution that is the same as the institution where they completed their previous degree(s) must provide a strong justification for this exceptional circumstance that will be assessed as part of the selection committee review process under the Personal Leadership Statement or Research Proposal. The more similar the proposed research environment is to that of the previous degree environment, the stronger the required justification.

This nomination letter must be completed and signed by the Department Head nominating the candidate (equivalent or designate) and must be on the institution's letterhead. If signed by someone other than the Department Head, it should be clearly indicated in the letter that the signee has authority to nominate candidates to the Vanier CGS program.

The nomination letter should be a maximum of two pages in length, and is the Institution's opportunity to outline for the selection committee what makes the nominee unique. It should give the committee context for the nominee's achievements – outline how the nominee is exceptional and how the institution both fosters and benefits from the student's research at the institution. Points to address in the nominating letter can be found on the Vanier website under Information for Institutions.

Visit the Vanier CGS website. **Read the Nomination Process** E-mail: vanier@cihr-irsc.gc.ca
