

DEPARTMENT OF PEDIATRICS

Child Health Research Trainee Day

Thursday, June 18, 2020 11:00 a.m.-12:00 p.m.

Welcomes

Dr. Brandy Wicklow

Presents

The Accidental Tourist - Navigating a Personal Journey of Research and Discovery.

Brandy Wicklow is a Pediatric Endocrinologist at the Winnipeg Children's Hospital, Associate Professor at the University of Manitoba, and Clinician Scientist at the Children's Hospital Research Institute of Manitoba (CHRIM). Her research is focused on the determinants of type 2 diabetes (T2D) in children, with a particular interest in the Indigenous population of Northern Manitoba, Canada with whom she works closely in clinical care and research. She is the Principle Investigator of a birth cohort of children born to mothers and fathers diagnosed with childhood T2D (The Next Generation Cohort) examining the effects of in utero T2D exposure on growth, development and the natural history of T2D in offspring. She is the co-lead of the iCARE (Improving Renal Complications in Adolescents with Type 2 Diabetes through Research) cohort with Dr Allison Dart; a cohort study which aims to determine modifiable risk factors in the natural history of diabetes related renal disease.

1. How did I get here? Learn to seize opportunities when they arise.
2. How did I stick with it? Learn to navigate the downs to make them into ups.
3. How do I strike the balance? Learn to get by with a little help from your friends.

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada.
