

CANADIAN SOCIETY FOR CLINICAL INVESTIGATION  
SOCIÉTÉ CANADIENNE DE RECHERCHES CLINIQUES

## **CSCI/CIHR RESIDENT RESEARCH PRIZE 2024**

This prize of \$1,000 will be awarded annually for the best resident research project conducted during a RCPSC/CFPC training program at each Canadian medical school. Funding to support this initiative is provided by the Canadian Society for Clinical Investigation and the Canadian Institutes of Health Research.

### **PRIZE**

- A) \$1,000 per resident in each medical school
- B) complimentary CSCI membership for two years
- C) a certificate signed by the CIHR and CSCI presidents

### **ADJUDICATION**

Each medical school is free to choose its own adjudication process, but the adjudication committee must include the postgraduate education dean (or her/his delegate), and a clinical investigator who is a member of CSCI. For example, the adjudication committee might choose an awardee by reviewing written submissions (abstracts or manuscripts) from the winners of existing division and department residents' research competitions.

### **PRESENTATION OF THE AWARD**

The award is presented to the winner by a CSCI member of the faculty. The winner is expected to make a short presentation on some aspect of clinical research. The presentation could be part of an existing division/department teaching activity e.g. Grand Rounds.
