MEMORANDUM

TO: Faculty, College of Medicine

FROM: Dr. Marek Radomski, Vice-Dean of Research

DATE: May 15, 2019

RE: College of Medicine Supplemental Publication Funding

To reinforce the College of Medicine’s commitment to student research, the Office of the Vice-Dean Research (OVDR) would like to announce changes to the Supplemental Publication Funding internal funding opportunity.

Designed to facilitate and encourage the dissemination of research conducted by College of Medicine (CoM) students either independently or collaboratively with CoM faculty, eligible students (either undergraduate or graduate students) may apply for $750.00 (CAD) to cover publication costs in a peer-reviewed journal.

The purpose of this funding is to provide financial support to students who have carried a research project forward to the point of publication. It is meant not to cover the entire cost of the publication, but to offset the costs and make it more manageable.

Applicants are eligible to apply once per fiscal year (May to April), and funding will be distributed on a first-come, first-serve basis. As this is an ongoing call, there may be insufficient funds to award all eligible requests each year. If this is the case, the fund will be put on hold until the following fiscal year (May 1, 2020).

For further information about this initiative, please contact ovdr.funding@usask.ca.

Sincerely,

Marek Radomski, MD, PhD, DSc, Dhc
Vice-Dean Research
