2022 Dean's Summer Research Project Proposal

Application Deadline: **4:00 pm, November 10, 2021**

Please complete the application and submit to deans.projects@usask.ca.			
Supervisor Information			
Name:			
Email:		**Department:**	
NSID:		**Telephone:**	
Has a student/Supervisor match already occurred?	☐ Yes ☐ No	**If yes, what is the student's NSID?**	
Project Overview			
Project Title:			
Category of Research:			
Keywords:			
Project Details			
Start Date:		**End Date:**	
This project may be possible to complete as a shortened (6-8 weeks) research project:		☐ Yes ☐ No	
Research Site(s):	☐ Saskatoon ☐ Regina	☐ Other - Specify:	
Requesting Cancer Agency Data? (charts or electronic data)		☐ Yes ☐ No	

Supervisors are responsible to obtain necessary approvals: You are responsible to apply for ethical, operational, community or any other approvals or waivers are necessary to conduct your project.

If requesting Saskatchewan Cancer Agency data: You are required to submit a data request form to the Cancer Agency by **4:00 PM, November 10, 2021.** To obtain a copy of the form or any questions regarding Cancer Agency approval, contact the data access coordinator at datarequest@saskcancer.ca. You will be informed of a decision by December 20, 2019, at which time you will need to provide the OVDR with a copy of the conditional approval letter.

2022 Dean's Summer Research Project Faculty Application

Student Learning Outcomes

Please summarize the work the student will be assigned and the expectated learning outcomes for the student.

Supervisor Expectations

Please describe who will supervise the student and their mentorship approach. (How will the mentor approach: their role as mentor, student-supervisor goal-setting, feedback and communication.)

Contingency Plan

Provide a contingency plan for the student if the project is delayed for any reason.

2021 Dean's Summer Research Project Faculty Application

Project Description

Applicants must ensure they write their application in a manner that can be understood by a non-expert in their field. Avoid unnecessary jargon, explain all abbreviations used, and check spelling carefully.

1. Using a maximum of one page, outline the major elements of the project clearly and concisely. Be sure to include the following elements:
   - Background Information
   - ...othesis and Expected Outcomes
   - ...iled Timeline (10 weeks for Dean's; 6-8 weeks for Research Experience)
     - Please see student resources in Google Doc for timeline example
   - Methodology and Analysis
     - Be as specific as possible in the space allowed, including experimentation, data collection, sample sizes and statistical analysis
   - Deliverables of applicant and supervisor

2. Page setup and formatting for attachments:
   - Header: Include Applicant's last name and title/label (ex: Smith, Project Title)
   - Footer: Page X of X
   - Margins: 1 inch
   - Page: 8.5" x 11"
   - Font: 11 point Arial
   - Line Spacing: single-spaced
   - Spacing: no condensed type or spacing

3. Optional: Attach a list of references cited. (Not included in the one-page limit)

   Note: No additional figures or appendices above the one-page Project Description are allowed.

Socially Accountable Research Questionaire

The Division of Social Accountability collects data about socially accountability in undergraduate research. This data is collected and reported in aggregate and does not affect your application or its scoring:

Question		
Does this research address one or more social determinants of health?	☐ Yes	☐ No
Does the project involve Indigenous communities, peoples, language, culture, or history as its primary focus?	☐ Yes	☐ No
Does this research involve or address specific issues of marginalized, underserved, vulnerable, oppressed, and/or low resource communities?	☐ Yes	☐ No
Are community members involved in the research project? (ie. In shaping the question, developing methodology, gathering data, or interpreting and disseminating results?)	☐ Yes	☐ No

2021 Dean's Summer Research Project Faculty Application

SCPOR Saskatchewan Centre for Patient-Oriented Research

Saskatchewan Centre for Patient-Oriented Research (SCPOR) Questionaire

Is your project a Patient-Oriented Research Project?	☐ Yes (Answer 5 Questions Below) ☐ No (Skip 5 Questions Below)

Using the Patient-Oriented Research Level of Engagement Tool (PORLET) as a guide, please provide project information on the following:

1. Patients are partners (250 words). Describe how patients will be actively involved in planning, decision making and co-leading the creation. Sharing of the knowledge within this research project.

2. Patient-identified priority (250 words). Summarize how patients with lived experience have helped and/or will help identify that the proposed research topic is a priority to patients. Include details of the methods used to identify or validate the research priority among patients.

3. Outcomes important to patients (250 words). Describe how outcomes important to patients will be chosen and will be measured. Explain how the knowledge created through the proposed research will be used to improve outcomes important to patients.

4. Team is multi-disciplinary (250 words). Describe how the research will be influenced by relevant disciplines and stakeholders throughout the project.

5. Aims to integrate knowledge into practice (250 words). Outline the steps required to implement an integrated and end-of-grant translation strategy. Include the roles patients and end-users will play in the creation and implementation of these plans.
