

2021 Biomedical Summer Research Projects

- Release of guidelines and application form.
- Call to faculty and biomedical undergraduate students to submit project applications.
- Faculty project proposals that are looking for a student are posted on Google Drive. Students interested in a particular proposal can contact faculty to submit an application together.

Applicants notified of results. Faculty are responsible for applying for necessary approvals to conduct the project. Failure to do so may result in project delays.

PROJECTS BEGIN!

All projects must be **completed** by Aug 31st.

Undergraduate Research Showcase:
October 20, 1 - 4 pm
