present

Dr. Fady Balaa

Building a Culture of Collaboration in a Surgical Division

Dr. Balaa is faculty in the Department of Surgery at the University of Ottawa as Director of the Hepatobiliary and Pancreatic Surgery Unit. He is a General Surgeon with fellowships in both Hepatopancreaticobiliary Surgery and Minimally Invasive Surgery. He has a keen interest in medical education and is actively involved in curriculum development for surgical skills programs at the University of Ottawa. His interest in surgical education research relates to curriculum development and assessment tools for surgical skills programs. He is also a member of the Simulation Task Force with the Royal College of Physicians and Surgeons of Canada. He held the position of Director of Postgraduate Medical Education for the Division of General Surgery from 2010 to 2014 at which time he was appointed at Chief of the Division of General Surgery at the Ottawa Hospital and University of Ottawa. Dr. Balaa also has an earnest interest in medicine in the developing world through both clinical treatments and to create sustained healthcare through medical education.
