Preparing Physician Assistants for Surgical Practice: All you need to know about the USask MPAS Program

Objectives: 1. Discuss the key features of the surgical rotation curriculum and assessment strategy, including expectations for faculty and resident educators. | 2. Identify opportunities and barriers to integrating MPAS learners into surgical teams in Saskatchewan, including role clarity, supervision, multi-layered learning and recognizing competing educational demands on surgeons. | 3. Discuss practical strategies for teaching, assessing, and integrating PA learners during the surgical rotation to support their transition to clinical practice.
