VIRTUAL GRAND ROUNDS

Dr. Mark Glazebrook

Comprehensive Multidisciplinary Care of Diabetic Foot Ulcers

Mark Glazebrook is a full time Professor of Orthopaedic Surgery at Dalhousie University with a cross appointment to the School of Biomedical Engineering. He completed his medical training in 1994 and completed specialty training in Orthopaedic Surgery in 1999 at Dalhousie. He then went on to complete a fellowship in Orthopedic Foot & Ankle and Sports Medicine at the University of Western Ontario. This was followed with a PhD in Achilles Tendon Disease at Dalhousie University. Dr. Glazebrook devotes 80% of his working time to clinical practice focusing on Orthopedic Foot & Ankle Reconstruction and Sports Medicine. During research time focus is on outcome studies on Evidence Based Medicine, Ankle Arthritis, MTP Arthritis, Ankle Instability, Bone Graft Substitutes and Achilles tendon rupture care. He is a past President of the Canadian Orthopedic Association (COA 2019-20).

Objectives of Lecture:

Understand the importance of treatment of Diabetic Foot Ulcer; Understand the Detriments to Healing of Diabetic Foot Ulcers; Understand the benefits of collaboration to provide multidisciplinary care of the Diabetic Foot Ulcer.

Thursday, November 14th, 2024 at 5:00 PM
