

Payment of Fees

Your CPSS fees are as follows:

- Licensure - \$2330 (\$1880 Annual Fee + \$450 Registration Fee)
- Licensure – Other: Medical Student (\$20 fee)
- Supervision - \$2100 (*See notation below**)

Licensure fees will be processed before CPSS can issue a licence. A member from the Registration Department will be contacting you 1 – 2 weeks prior to your licensure start date to collect payment for these fees. To ensure our staff can reach you, please provide us with the following:

Contact Number: _____
(Cell phone is preferred)

Contact Email: _____

Password: _____
(used for identification purposes by CPSS Staff when calling)

***Supervision Fees** - You will be responsible to pay your practice supervisor. Fees are payable to the College who will in turn reimburse the practice supervisor. Based upon the costs to other physicians who are subject to supervised practice, we anticipate that the cost of supervision may be approximately \$2,100/year with additional costs incurred if travel is required. Every attempt is made to secure the services of a practice supervisor that is located very near to your practice but this is not always possible.

Supervision fees are not processed at the same time licensure fees are. Registration Assessment staff will contact you prior to the processing of payment to advise as to corresponding fees.
