

# SaskSimSummit

## Best Practices in Healthcare Simulation

📅 January 31, 2025

🕒 12 - 5 PM CST

📍 Virtual

Join us for the inaugural SaskSimSummit, our first ever event dedicated to exploring best practices in healthcare simulation in Saskatchewan. This virtual conference is designed for leaders and participants in simulation events to connect, learn, and share insights with peers and colleagues.

We extend a warm invitation to the broader USask Health Sciences faculty and our partners throughout the province, including SHA physicians, nurses, other healthcare providers, staff from our major simulation hubs, Sask Polytechnic, STARS, and Saskatchewan Air Ambulance.

## Why Attend?

- **Connect** with healthcare simulation professionals and enthusiasts.
- **Learn** from experts about the latest trends and best practices.
- **Network** with peers and potential collaborators.

## Plenaries

### Rural and Regional Simulation Pilot

- Define translational simulation.
- Examples of simulation as training, quality assurance, and improvement in regional/rural centers.

### Impact of Longitudinal Simulation Curriculum on POCUS Skills

- Role of simulation in integrating POCUS into critical care.
- Evidence of behavior change and clinical impact.

## Workshops

### Debriefing Practice Using Short Video Vignettes

- Techniques for effective debriefing.
- Approaches to difficult debriefs.
- Demonstrations through vignettes and role play.

## Networking

### Sask Provincial Sim Network

- Brag and Steal session: UGME Orientation video, Disaster Day Simulation.
- Speed dating for collaboration opportunities.
- Training/Coaching Update: Sim FUNdamentals, Advanced Debriefing rounds.

Don't miss this opportunity to enhance your skills and expand your professional network!
