

## Examples of Poor Media Use

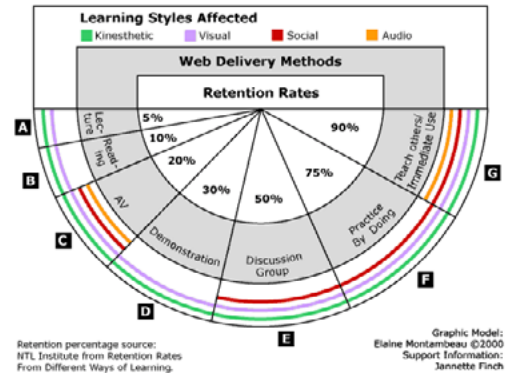

### Poorly formatted PowerPoint slide

- Incorrect font size
- Too much content (better to use a handout)
- Poor fit with background template

Continuum of Physician Learning		
Phase of Medical Education	Learner Stage	Learner Needs
Medical Student/ JURS1	Dependent Learner	Significant input and guidance from the instructor
JURS1/ Junior Resident	Interested Learner	Some guidance from the instructor
Senior Resident/ Practicing Physician (CPL)	Self-Directed Learner	Takes personal responsibility for his or her own learning

### Image is too small to read relevant information

- Too much content for the size
- Colours aren't available in black & white print format
