

Preparation for DAY 1

Overview of Teaching & Learning

The Central Purpose of Teaching is to:

- aid the process of learning
- help the learner move from one state of mind to another
- facilitate learning
- help someone to make a permanent change in their thinking/behavior

What the central purpose of teaching is NOT primarily about:

- providing facts & information
- telling students what to do
- giving handouts & notes
- telling everything you know

-used with permission of Discovery Channel
