

# Use Your Objectives

**You received the learning objectives for your session when your session was confirmed with you.**

- Learning objectives are statements of what the students will be able to do or will know when they have completed the learning session.
- Please include these objectives at the start of your presentation and ensure that the content of your presentation matches these objectives.
- Assessments (quizzes, assignments, and exams) are designed to determine how well the students have met these outcomes.
- Your session objectives are designed to fit with the overall course objectives. Each session within the module has separate, distinct objectives that, together, build the module with modules building the course.
