

## Day 2 Resources

### Clinical Teaching

The following material has been included largely as a future reference when you will be working as a physician & decide to teach. Some will be addressed during TIPS.

Day 2 is divided into the following:

- I. Clinical teaching techniques
- II. Assessment & feedback
- III. Cognitive biases
- IV. 2nd microteaching session

The Appendix includes additional resources including a section on preparing your office for learners.
